Super Bend is gaining momentum

Super Bend will be offered in Flash Sale on Tuesday, May 7th from 6:00 PM to 6:30 PM (French Time) on auctav.com.

Super Bend, a quick learner

Super Bend (Sommerabend) debuts may not have caught your eye, but for the 3-year-old gelding, the lesson was profitable. In his next outing in Nîmes, the son of Sommerabend grabbed his first podium and repeated the feat over the hurdles of Compiègne on April 23 over 2 miles (3200 meters). In six weeks, Super Bend has become a performing racehorse and is progressing towards his first success on demanding tracks like Compiègne or Auteuil.

David Cottin, trainer: "He's a good jumper. Super Bend is making consistent improvements, not only in training but also through competition. Each race allows him to take a real leap forward in terms of maturity and professionalism."

The family of Super Célèbre and Super Alex

Stallion of Super Bend, Sommerabend started the year 2024 with a bang with two black-type horses at Compiègne and Auteuil, Charmé Doré and Pistache Doré.

Super Bend's dam, Super Nana (Anabaa), is the sister of Prix Noailles (Gr.2) winner and dual Group 1-placed Super Célèbre (Peintre Célèbre), as well as black-type performers Superman and Super Lina. It is also the family of Super Alex (Alex The Winner), winner of the Prix La Barka (Gr.2) over the hurdles at Auteuil. Wildenstein bloodlines with international success can be found further in the pedigree.

Super Nana is a winner on the flat and is the mother of nine horses that have run, all of them earning money. Catch Dream (Alex The Winner) remains the most prolific to date with 27 podium finishes, including 11 victories in flat races over distances between the mile and 2m4f (1600 and 3000 meters).
