

Golden Belle, victory runs in the family

On Friday, June 14, from 6 PM to 6:30 PM, stay tuned to auctav.com to place the best bid on Golden Belle. Besides having a fitting name, this 3-year-old comes from a family that knows no defeat.

Remarkable debuts for Golden Belle

The Saint-Cloud track is considered perfect for judging the quality of thoroughbreds. With a five-length victory on her debut in the Prix Helissio over 12 furlongs, Golden Belle has already shown class. The only filly in the race, she dominated the field.

This daughter of the versatile stallion Martinborough (Deep Impact) has a strong pedigree. Her dam, Golden Clou (Kendor), is a winner and a black-type performer with several placings at the Listed level, including a third place in the Grand Prix de la Riviera – Côte d'Azur (L) and a fourth place in the Group 3 Prix Cléopâtre at 3 years old.

Mathieu Brasme, trainer: "She is a brand-new filly. She has recently shown great improvement in training. Her victory is very promising. She has all the qualities to be a good flat race filly over long distance and to transition to national hunt if it is her future connections wish. She has never jumped, but physically, mentally, and in terms of pedigree, she has everything it takes to be an excellent performer over hurdles or in chase. She will continue to develop

physically in the coming months."

An Outstanding Family in Flat and Jump Racing

What stands out the most is the quality of the siblings bred by Écurie Bader. The family includes eight horses of racing age, seven of whom are winners. **Golden Rajsa** (Rajsaman) boasts 17 podium finishes, including 9 wins over distances from the mile to 10 furlongs, and has earned over 300,000 euros. **Golden Witch** (Elvstroem) shone over the hurdles at Auteuil at 4 years old, winning at the Listed level and placing at this level at 5 and 6 years old. It's a family of warriors.

This is the same lineage as **Kaadam** (Saint des Saints), the winner of the Prix Congress (Gr2) and the best 3-year-old steeple-chaser of 2023, who finished fourth in the Prix Ferdinand Dufaure (Gr1) in 2024.
