## **Brother to HM Al Zalmaa joins the catalog**

**Auctav offers you the opportunity to acquire the full brother to the recent Group 1 winner, HM Al Zalmaa. This foal, bred by Franck Lance, already has quite a history with Auctav. Mark your calendars for November 6th on [auctav.com](http://auctav.com).**

### **A Beautiful Family Story with Auctav**

In the summer of 2023, a mare and her 2 YO filly, consigned by Haras du Saubouas, were offered at Auctav's virtual ring. The filly, named **HM Al Zalmaa** (Al Mourtajez), would go on to win the Qatar Arabian Trophy des Pouliches (Gr.1) a year later. The mare, **Al Chyhanah** (Munjiz), was in foal to Al Mourtajez. This remarkable family saga continues with Auctav as HM Al Zalmaa's full brother, **Oeil de Vère**, enters the scene. Vère is the name of the river flowing through the commune of Franck Lance, who acquired the broodmare through Raynal Frères for €21,000.

Franck Lance confirms: "Everything started with Al Chyhanah. I loved the dam, and she was in foal to Al Mourtajez, whose first foals had just been born. I was very lucky to be able to buy her. I was drawn to her pedigree. I had seen the physique and good price of the sister in the 2-year-old sale earlier, and that was decisive in purchasing the broodmare. I am really happy. It couldn't be better. The result is Oeil de Vère, who is a very calm foal but also playful. I say he's a horse that smiles. As someone who breeds Arabians for endurance, I can see he has a more composed temperament. He's very

intelligent and easy to handle daily. I had no trouble putting the halter on him, and he quickly became a good walker. He's really sharp. Physically, he looks like his full brother, HM Alchaine, who is unbeaten in four races, including a listed race."

Don't miss the opportunity to acquire this colt from a line full of success and black type through several generations.

### **A Broodmare Also Presented by Franck Lance**

Franck Lance also consigns the broodmare **Fleurie Al Maury** (Kickxia de Ghazal), who on the sire side descends from the bloodline of Kiss de Ghazal and a maternal lineage going back to Flipper and Akbar. Among her offspring is **Kuba de Vère** (Dormane), who is making a career in Poland. The mare is in foal to Sir Bani Yas with a last service in March.

"Fleurie Al Maury is a mare I bought from the Koch family. I had a colt with excellent conformation who went to Poland, where he recently placed 2nd for the second time in a row. I also have an excellent 6-year-old endurance horse. Fleurie is in foal to Sir Bani Yas, a promising stallion who can bring speed and is highly regarded in the Emirates."
