Kenzo du Luy ready to fly

On Wednesday, November 6th, on auctav.com, Kenzo du Luy (by Goliath du Berlais) will be offered in a Flash Sale at 6:30 PM. This 3-year-old recently won a long-distance flat race, and his trainer has prepared him for a future career over jumps.

Kenzo du Luy, a winner with a strong turn of foot

If you missed Kenzo du Luy's race in Angoulême, now is the time to admire the finishing straight of this son of **Goliath du Berlais** after a race from the back of the field. In only his second outing, this 3-year-old gelding made a very strong impression and adds to the 13 wins for progeny of Goliath du Berlais, of which Kenzo du Luy is part of the first crop. Trained by **Adrien Fouassier**, he also boasts true jumping lineage on his dam's side: his dam, a daughter of Poliglote, has already produced a winner on the flat with **Sysko**. His second dam has seven winners, including Group 1 hurdle winner **Anaking** (Astarabad), and millionaire **Saint Palois** (Saint des Saints), who placed in the Prix Ferdinand Dufaure (Gr.1) and the Haye Jousselein (Gr.1).

« He's way above his brother »

Adrien Fouassier, entraîneur : Adrien Fouassier, Trainer: *"He's a horse I received after his breaking-in at David Lumet's. I prepared him for jumping, but he's shown great qualities on the flat. He's an easy and professional horse. I'd even say he's almost too professional, which is why we've put on the hood to manage his enthusiasm. His first race came a bit early; he was physically ready but not yet mentally. He showed real improvement in his second race. Initially, I wanted him to run as preparation for jumps, but he made an impressive comeback. He has excellent flat ability and loves jumping. He has excellent form over jumps, with a great takeoff and landing technique. I bought him because I liked his brother Sysko a lot, but Kenzo du Luy is way above. He has extraordinary strength points, and Goliath du Berlais is proving what we hoped for as a sire."*
